

ECG INTERNSHIP PROGRAM

*Excellent Opportunity with a Growing,
Employee-Owned Company*

THE COMPANY:

Encompass Consultant Group, Inc. (ECG) is a growing [Civil Engineering and Land Surveying](#) company. We are an employee-owned company that provides exceptional services to both public and private clients throughout Ventura and north Los Angeles Counties, and the surrounding areas. Our team takes great pride in our projects, client relationships, and quality of services that serve to build and improve our communities.

- ECG is employee owned and we treat the company's success as a collective venture.
- We believe in practical and innovative engineering solutions, providing quality services while cultivating strong client relationships, and being recognized as a company that is a great place to work for and with.
- We offer competitive benefits including employee stock opportunities.
- We also offer a motivating work environment with a supportive team network that works collaboratively and encourages individual growth through our hands-on approach and outside training opportunities.

LOCATION:

Encompass Consultant Group (ECG) is based in Camarillo, CA with additional offices in Santa Clarita and Lancaster, CA. Our offices support the areas surrounding beautiful Ventura County and the flourishing Santa Clarita and Antelope valleys. These are dynamic communities with exciting growth and potential, making them great places to live and work
